## ACTIVITIES

Our activities will include nature walks. Your child will be glimpse at so many different plants in their natural habitat. Your child will be able to plant their own garden. Don't be surprised if your child comes home with a bag filled with fruits and vegetables. To make sure that you are stuck with a big bag of vegetables you don't like here are the choices. You will have to pay one dollar per vegetable. They will also learn how to manage a proper garden. I truly hope this comes in handy when you need a extra hand in weeding and watering your garden. One of our highlights is being able to teach them about all kinds of nature.
